Check out our Freestyle Schedule! Freestyle is a time designated for figure skating practice and private lessons.

## Where Do We Go From Here?

On the last day of class, skaters will receive an **evaluation** recommending them on what class to sign up for next. It is not uncommon for skaters to have to repeat a level to master certain skills which will help them in future classes!

After passing a class, skaters will receive a **badge** for each level they have passed! Please pick up your badges in the pro shop.

Check out our **progression charts** and **skills sheets** to guide you on what levels come next and what skills will be focused on in each class. These resources are available at the rink and on the website.
